Re: Quota Reconciliation – Greenland Halibut overharvest in NAEQ Subarea 0 in 2009

Dear Eric Kan:

In a submission to the Nunavut Wildlife Management Board (NWMB) for information by the Area Licensing Administrator, dated March 8th 2010 a request was made of the NWMB for its view on how it would like to apply the quotas overrun deductions (117 mt) from the 2010 allocations in Divisions OA and OB.

In considering the options, the NWMB's advice on how to apply the quota overrun deductions would be to deduct each sub-allocation holder's 2009 overruns from their specific licences for 2010. The NWMB would further recommend that any un-harvested quotas be applied to the overruns in the respective zone.

The NWMB wishes to ensure that Nunavut's marine resources are developed and managed in sustainable and fair manner for the equitable benefit of all Nunavummiut. We trust you will find the NWMB's recommendation satisfactory.

Sincerely

winch

Willie Nakoolak
Acting Chairperson of the
Nunavut Wildlife Management Board
