

NUNAVUT WILDLIFE RESEARCH TRUST APPLICATION FORM

Please remember:

- To review the NWRT Funding Guide before completing this application form.
- To complete the application in electronic format in the spaces provided in the application and include appendices if space is insufficient.
- Save the application in PDF format before submitting to the NWMB.
- Include, at a minimum, proof of contacting affected HTO(s)/RWO(s) regarding the project proposal.

FOR NWMB REFERENCE ONLY
Date Received:
NWRT Project number:

Section 1- Contact Information		
Sub-section 1.1 - Government Department and Contact Information		
Name of Department		
	Project Leader	Secondary contact
Contact name		
Position (within department)		
Address		
Postal Code		
Primary telephone number		
Secondary telephone number		
Fax		
E-mail Address		

Sub-section 1.2 - Other Project Participants

Identify all participating and/or interested agencies and cooperating persons from those agencies. Include local participants if applicable. Identify the approximate personnel time for each participant and indicate whether or not he/she is a Nunavut beneficiary.

Name	Affiliation	Role	Employment (person days)	Nunavut Beneficiary (Y / N)

Section 2 - Level of Funding Requested

Single year funding (not exceeding \$100,000)

Amount Requested: _____

Preliminary study funding (not exceeding \$15,000)

Amount Requested: _____

Section 3 - General project information	
Research Project Title (Provide a concise one-sentence description of the project)	
Project funded in previous years? (Mark appropriate box)	<input type="checkbox"/> Yes <input type="checkbox"/> No
If yes, indicate the previous NWRT project number and amount of funding received in preceding order (e.g. 3-09-01 (\$24,000); 3-08-02 (\$24,000)).	
Duration of research project (dd/mm/yyyy)	Start _____ End _____

Section 4 - Detailed research project information	
Sub-section 4.1 – Peer-review	
Has the project been peer reviewed (e.g. by a departmental committee)	<input type="checkbox"/> Yes <input type="checkbox"/> No
If yes, indicate when and by whom.	
Sub-section 4.2 - Summary	
Provide a brief non-technical summary (abstract) of the proposed research, suitable for translation into Inuktitut. This should summarize the proposed methods and the reasons for the research and the application of results. Should not exceed one or two paragraphs.	

Sub-section 4.3 - Background

Provide a statement of the reasons why the work needs to be undertaken. This should not be a detailed literature review, but should simply place the proposed research in context. Do not exceed one or two paragraphs.

Sub-section 4.4 – Research Question and Objectives

Describe the main purpose for the study by stating the research question(s) your study will attempt to answer. Also identify the specific research objectives pursued in order to answer the question(s). Use point form and be clear and concise.

Sub-section 4.5 - Application of results

Describe why this research project is important for the management of wildlife and/or wildlife habitat in Nunavut. Include details on how the results may assist the NWMB to fulfill its mandate. Provide in one to two paragraphs or point form.

Sub-section 4.6 - Study Area

Briefly describe the location(s) of the proposed project in one paragraph. Include appropriate-scaled maps where possible as an appendix.

Sub-section 4.7 - Research Design

Describe the proposed project including sampling methods, planned statistical methods, how the study design incorporates Inuit Qaujimajatuqangit, and other information which will ensure that the NWMB fully understands the proposed project. Explain all methods in two to three pages. Include appendices for additional information or reference, if required.

Section 5 - Training

Provide a description of any relevant training that will be provided to Nunavut beneficiaries as a result of this project. If employees have been rehired after participating in the project or a related project in the past, and have already received training, describe the training that was initially provided. Include details on how training will be conducted (in-person, video, information pamphlet, etc.) and if it will result in a certificate or other recognizable achievement.

Section 6 – Wildlife Priorities**Sub-section 6.1 - Relevance to NWMB Wildlife Priority**

Identify the relevance of your research project to the NWMB Wildlife Priorities. The priorities are available online at <http://www.nwmb.com/en/funding/priorities> and are included as appendices to the NWRT funding guide. Be concise and rank according to relevance, 1 being the highest relevance and 3 being the lowest relevance.

Priority	Rank	How does the research project address this priority?

Section 9 - Budget

Provide a detailed, itemized budget for the project. Include all budget items whether you are requesting funding from the NWMB for that item or not. Do not include the value of government personnel time or the value of the use of government facilities. Use the fourth column to indicate which budget items will be funded by the NWRT.

Item	Funds (\$K)	In-Kind (PY or \$K)	Funded by NWRT (Y/N)
	TOTAL		

Section 10 - Financial Contributions

Indicate, if applicable, the following: (1) the financial resources that the department has committed to the project; (2) the financial resources that other persons or agencies have committed or have been requested to commit to the project; (3) the "in-kind" resources that you or others are contributing, including personnel time (as PY's); (4) the financial resources that you are requesting from the NWMB.

Contributor	Funds (\$K)	In-kind (PY or \$K)
