Re: Ivig HTO's Request for Additional Tags

Qikiqtaaluk Wildlife Board had received a request from Iviq HTO requesting for additional polar bear tags from their credits.

QWB Executive held a meeting in Iqaluit the weekend of May 11, 2012, Grise Fiord's request for additional 10 tags from their Lancaster Sound Subpopulation credits was discussed and QWB Executive with recommendations from Department of Environment, support and approved Grise Fiord to receive the extra tags from 25 tags to 35 tags for 2011-2012 season.

The request letter, supporting resolution along with DOE recommendations were forwarded prior to this letter as it's late in the hunting season.

If you have any questions or concerns, please feel free to contact our Hall Beach office at Ph: (867) 928-8430, Fax: (867) 928-8431 or email: iasonm@ginig.com

Sincerely,

Joshua Kango
Vice-Chairman
