To: Whom it may concern.

RE: Baffin Bay Polar Bear Management.

We had our regular meeting last night, the Board of Directors had made a motion to support the Baffin Bay Polar Bear Management decision. We are in support of the increase of the Quota for the 3 North Baffin Communities and for the new Ratio system of 1:1.

Therefore the Clyde River HTO in their regular meeting on February 8, 2018 has supported unanimiously in the decision.

Yours truly,

Jerry Natanine-Chairperson
