RE: **Qammartalik Cove Emerging Char Fishery Plan**

On behalf of Board of Directors of Nattivak HTO in Qikiqtarjuaq, Nunavut. The Board of Directors have discussed the concerns that the Fishery Plan is being delayed due to NTI's submission request whether the Fishery Plan to be approved or not by the NWMB Board.

The Board of Directors of Nattivak HTO would like the Qammartalik Cove Fishery Plan to proceed as it will be contracted with Fisheries & Oceans Canada
