Re: Hall Beach HTA's Request for Additional Polar Bear Tags

Qikiqtaaluk Wildlife Board had received a letter from Hall Beach HTA requesting for additional 3 polar bear tags from their Gulf of Boothia credits.

QWB Executive held a conference call, Hall Beach HTA's request for additional tags from their Gulf of Boothia Subpopulation credits was discussed and Department of Environment had no objection to the request, which QWB Executive supported and recommends Hall Beach HTA to receive 3 extra tags from 4 to 7 tags for 2013-2014 season.

Subject: RE: CREDITS for GB

Hi Jason,

[illegible]

I looked at the credit record for Hall Beach from the Gulf of Boothia zone and it looks like they have enough to increase the quota by 3. Based on the credits they have and our current system, it should be 2 males and 1 female.

I hope this will help the QWB Executive when considering this request.

Please let us know what the Board decides.

Thanks,
Paul
