**Re: Nunavut Wildlife Management Board (NWMB) Special Meeting
No.12 - Iqaluit, May 8-10, 2006**

Dear Stas,

This letter is to confirm our conversation earlier today. The NWMB is planning to hold a *Special Meeting No.12* starting on Monday morning at 9:00 a.m. May 8 and continuing until Wednesday, May 10, 2006.

Thursday and Friday, May 11 and 12, have been set aside for the Board to make final decisions. The purpose of this meeting is to consult on the Total Allowable Harvest (TAHs) and Non-quota Limitations (NQLs) included in the new Nunavut Wildlife Regulations being developed by the Department of Environment, Government of Nunavut.

Your organization's participation in this important meeting would be appreciated. Further, as you have two alternate members on the Board, they would be available for decision making in the event there are any TAHs or NQLs decisions relevant to the Article 40 Overlap Area.

At this time we are expecting that the following groups/individuals will be participating:

- Department of Environment, Government of Nunavut, Staff/Legal
 - Nunavut Tunngavik Incorporation, Staff and Legal Advisors
 - Regional Wildlife Organization Representatives (3)
 - Nunavut Wildlife Management Board, Staff and Legal Advisor

Hunters and Trappers Associations may request representation and would be permitted.

You will be forwarded more information on this meeting over the next week. If you require any further information, please contact our office in Iqaluit.

Yours truly,

Jim Noble
Chief Operating Officer
