NWMB - SENT e-mail
DATE: Jan 23/09

Raymond Ningeocheak,
Vice-President of Finance and
Executive Member Responsible for Wildlife,
Nunavut Tunngavik Incorporated

Dear Raymond:

Re: NWMB reply to your July 8th 2008 letter concerning Section 5.6.16 of the Nunavut Land Claims Agreement and the establishment of a Total Allowable Harvest for Kingnait Fjord Char

The Nunavut Wildlife Management Board (NWMB or Board) discovered late yesterday afternoon that an important letter and legal opinion from the NWMB to you – dated September 22nd 2008 – was inadvertently never sent, either to you or to the list of people copied on the correspondence. This mistake was particularly unfortunate because the Board's preparation of the letter – a reply to your letters of December 7th 2007 and July 8th 2008 – had already been hindered by a very full NWMB schedule throughout 2008. Please accept my apologies, on behalf of the Board, for this further delay.

Yours sincerely,

Jim Noble,
Chief Operating Officer of the
Nunavut Wildlife Management Board
