Dear Steve,

**Re: Meeting to discuss issues regarding NWMB hearing for Southampton Island caribou**

In response to the NWMB's May 28 2014 request, NTI proposes a meeting between NTI and GN representatives at a mutually convenient date and time between June 3 and 6, 2014.

Such a meeting would enable NTI and the GN to satisfy the NWMB's request to identify and report to the Board by June 10 regarding the additional BNL-related evidence that each party will rely on in the fall hearing, and to discuss and try to reach an understanding regarding how the TAH is enforced.

Attached is a proposed agenda and a fact sheet that NTI has assembled in order to assist discussion of the BNL item.

Sincerely,

**James T. Arreak**

**Chief Executive Officer**
