Dear Joe,

In preparation for the upcoming NWMB Special Meeting #12, we have been involved in discussions with our members regarding the purpose of this meeting and items of review. As representatives of our regional organizations, we will be making presentations to your Board on behalf of our respective regions. Our member organizations have also endorsed a recommendation to invite a second regional delegate, an expert who could speak to issues specific to their particular wildlife management areas.

The new Wildlife Act and applicable regulations is the cornerstone to present and future wildlife management initiatives; it is crucial that its content and subsequent implementation be as complete and sound as possible; to this end, we truly believe that the knowledge, experience and input from a second representative is warranted.

The RWOs, in conjunction with NIWS, have been reconciling old payables and past discrepancies; current year budget leaves little flexibility to absorb travel costs for the appointed delegates. A second delegate will only enhance the Board's attempt to get all relevant information as much as possible. It is our hope that NIWS can assume responsibility for these costs. Please do not hesitate to contact us if further information is required.

Sincerely,

s. Raymond Ningsookook, NIWS
