To: Nunavut Wildlife Management Board (NWMB)

Re: <u>Proposal from Nattivak HTO to transfer "all or part of the 100 tonne regional exploratory allocation of turbot from inside to outside the Nunavut Settlement Area in Division OA for the purpose of fishing in the summer /fall 2013"</u>

Our HTO (Kimmirut) does not support this request.

Reason: The allocation is set by QWB for exploratory purposes or fishing for inshore area ONLY according to NLCA. If this request was granted to one HTO organization, it would not be fair to others.

Quota for offshore for turbot becomes available for competition and is granted to whomever (fishing companies) is successful. HTO in Kimmirut is also concerned about the Vessel regularities.
